Dear Sir:

Referring to the attached regarding the Paramount Company. There is no Paramount Company. The organization was never perfected and none of the stock subscribed for, hence, no report and no business has ever been transacted by such a company.

Yours very truly

Gentlemen:

In checking over our records, preparatory to making publication of delinquent corporations, we note that your company has failed to file the annual report required to be filed with this department between January 1st and April 1st.

The report may be filed at this time upon payment of the ten-dollar penalty imposed by law. Please do not request us to file your report without penalty. The statute is mandatory upon us as well as upon the corporation, and we are not given discretionary authority in the matter.

You are respectfully urged to file the report promptly, in order to avoid the increased filing fee which will be due after delinquent corporations have been published. Publication will be made within a short time.

Failure to file report will result in forfeiture of the corporate rights and privileges.

Blank for report is enclosed.

Yours very truly,

ELMER S. HALL

Secretary of State.
